  - a. This tournament will follow the U.S. Soccer Heading and Concussion Protocols.
    - i. This event will follow the US Soccer recommended concussion protocol. During a match, if a player suffers a significant blow to the head and/or there are any concussion symptoms exhibited by a player, the game will be stopped, and the player must be removed from the field. The player cannot return to the game unless cleared by a health care professional. If no health care professional is present at the game, the player may not re-enter the game. If any coach or parent tried to permit such player to return to play without proper evaluation, the game

will be stopped immediately, and the player will be asked to leave the field and be substituted.

b. Players with active bleeding must leave the field of play until the bleeding is controlled and covered as appropriate. The player must receive permission to reenter the game from the referee.

#### 8) Format of play:

a) U9 & U10 teams will be randomly placed into brackets. Care will be taken to ensure teams from the same organization do not play in the opening rounds, if possible.

b) U9 and U10 division teams will play in festival format.

c) U11 – U19 teams will be strategically placed into divisions to create the most competitive and appropriate game matchups.

d) U9 & U10 will follow the USYS PDI including buildout lines and offside.

i. Offside will be enforced for all games

1. Players cannot be penalized for an offside offense between the halfway line and the build out line.

2. Players can be penalized for an offside offense between the build out line and the goal line.

ii. Goalkeeper Punting is not allowed in the U9, U10 divisions

iii. The U9 & U10 division will use a “build out” line. The build out line will be marked. If the build out line is not marked then it will be the halfway line.

1. The build out line is used after the keeper has the ball in their hand or on a goal kick.

2. When the goalkeeper has the ball in his or her hands during play from the opponent, the opposing team must move behind the build out line until the ball is put into play.

3. Once the opposing team is behind the build out line, the goalkeeper can pass, throw or roll the ball into play (punting is not allowed).

4. After the ball is put into play by the goalkeeper, the opposing team can cross the build out line and play resumes as normal.

a. Ideally the goalkeeper will wait to put the ball into play once all opponents are past the build out line. However, the goalkeeper can put the ball into play sooner but they do so accepting the positioning of the opponents and the consequences of how play resumes.

c) There are no Penalty Kicks or Direct Kicks in U9 and U10

d) In all other divisions, tournament play will continue until Champions are awarded.

f) Pool games can end in ties.

g) In the event of ties at the end of regulation time in quarterfinal, semifinal or championship games, these rules will be applied using overtime periods.

i. Overtime periods will be as follows: U11 – U19; two (2) five (5) minute halves.

ii. Overtime periods are GOLDEN GOAL, meaning the match ends when either team scores within either overtime period.

iii. If teams are still tied after overtime periods, the FIFA “Kicks from the Penalty Mark” procedure will be used.

9) Games rained out may be decided by FIFA “Kicks from the Penalty Mark” if rescheduling is not possible.

10) Scoring

- c) Goal differential (goals scored minus goals allowed in all pool games, up to a maximum difference of four goals per game)
- d) Fewest goals allowed in all games
- e) Kicks from the penalty mark Note: If more than two teams are tied, the above sequence is followed until one team is eliminated. The remaining teams will then restart the sequence at point a) until the tie is broken.

13) All decisions by the referee are final

14) A red carded player or a coach who was sent off must leave the immediate playing area for the remainder of the game, and may not be on the bench side of the field or participate in the next game for that team. Red cards will result in that team being penalized one point from their point total for every red card received.

15) Any protest will be filed in writing within one hour of the completion of the game with a member of the SDYSA Tournament Director at the tournament headquarters. Protests shall state all pertinent information and be signed by the coach. The referee report will be forwarded to the tournament director. A geographical selection of arbitrators will be selected, in any combination, from the SDYSA Board of Directors or the SDYSA Tournament Director. Parties involved in the protest will each eliminate one arbitrator to create a panel of three arbitrators. A decision will be made and all parties notified of that decision. Their decision shall be final.
